Dates to Remember

- July 10th.....Twentieth Anniversary of the White City Water Users
- August 27th.....SE Township Days & The Last Blast of Summer Car Show
- August Date?.....Truth in Taxation hearing for SLVLESA Fee
- Sept. 1.....Weekly Recycling Begins
- Oct. 12 - 14thDumpsters for fall clean up in White City Area
- Oct. 15th.....Neighborhood to Neighborhood Clean Up

20th Anniversary of the White City Water Users

It is time to remember the hundreds of people that came together to buy a water company. It was a time when Sandy Residents and County Residents worked tirelessly to achieve an unfathomable goal. We want to thank all that worked for years to search for a way to secure our water. Some of our most precious helpers are no longer with us. As the years have faded some memories, our hearts have not forgotten the friends, families and neighbors that came together in a tireless effort to prevail and never give up.

You are loved and remembered always...pff.

History Made

White City Water Company was a private water company established in 1955. It was in the ownership of the White and Papanikolas families until the White City Water Users (created July 10th 1991) purchased it through the creation of The White City Water Improvement District. The District was created by Salt Lake County Commission, December 1993, as an Independent Improvement District. The White City Water Users, petitioned the County Commission to create the district to enable them to purchase the company.

The Water Users spent countless hours in meetings, having fund raisers, petition drives, lobbying on capitol hill, doing never ending research to gain the knowledge and opportunity to purchase White City Water Company. Their hard work and goal was finally realized February 13, 1995.

YOU WERE UP AGAINST THE BEST!

No Wrong Door

Salt Lake County - Citizen Access
Report a problem. Request Services. Ask a question.
Salt Lake County is dedicated to providing open, honest, efficient, and responsive government. As part of the county's continuing commitment to having "No wrong door to county government," the Office of the Mayor would like to introduce you to our new citizen access portal. Please use the following link to report a problem, request a service, file a complaint, or ask a question.
[Leave a Comment, Report a Problem, or Ask a Question](#)
Submissions may be made anonymously; however, an email address, phone number or address is required in order for us to

respond. You may always check on the status of a submission by contacting the Citizen Advocate at 468-2727.

Salt Lake County is happy to receive feedback on county provided services. If there is a way for the county to make this system more user-friendly, or if you need assistance, please send an email to CitizenAdvocate@slco.org or call 468-2727.

Neighbor to Neighbor Cleanup Oct 15th

We will once again be concentrating on an area within White City Township for cleanup. Last Time we worked on north of Larkspur and Dimple Dell Park. this year it will take place south of Larkspur Dr. to 10600 S.

This activity is sponsored by Salt Lake County and the White City Township Community Council.

SLCO sanitation will drive through neighborhoods with volunteers to perform curbside cleanup of small household and yard items: tree branches, small furniture, appliances, etc.

Volunteers are needed to help with curbside cleanup. Please call Starr Campbell (801-558-6925) or Dan Peay (801-250-7355) to sign up to volunteer. Please leave a message if there is no answer.

Mayor Corroon and the White City Township Community Council will visit with residents and host a lunch.

A hazardous waste container will be brought out for drop off of paint, oil and old household cleaning items. All items must be in labeled containers.

Information booths for various SLCO programs such as graffiti removal, animal services, home repair loans, etc.

Volunteers are needed to help with curbside cleanup. Please call the council members listed in newsletter to sign up to volunteer. Please leave a message if there is no answer. We will get back to you.

County Earns AAA Bond Rating February 2011 By Mayor Peter Corroon

I am thrilled to hear that all three ratings agencies affirmed the county's AAA bond rating. Like maintaining a perfect credit score, it requires a lot of discipline to uphold that rating, and we are one of just 32 counties out of over 3,000 nationwide that can make that claim. The best part about our AAA rating is that now every time we bond, we do so at a lower interest rate, which saves Salt Lake County residents money.

Governments bond for a variety of projects, and it is through this bonding that we are able to contribute to the development, growth and maintenance of different public facilities. Here at Salt Lake County we are always looking for ways to improve the quality of life of our citizens and to bring culture to our community. Funding to Tracy Aviary, for instance, has allowed them to broaden their resources and enhance their services.

At Salt Lake County we work hard to be good fiscal managers to maintain this AAA rating and our solid financial reputation. As mayor of Salt Lake County, I look forward to more **opportunities to further enrich our community.**

Commercial Farming

We are excited to report that Salt Lake County has leased County-owned lands to local farmers for food production. The parcels are located in Draper and Holladay. [Tagges Famous Fruit](#) has leased approximately 5 acres north and east of the Holladay Lion's Center Recreation. Thayne and Cari Tagge have been farming along Utah's Fruit Row in Perry for several years (one of their orchards is pictured above). They are excited to have 5 acres close to their home in Holladay and to provide residents with fresh locally grown produce. If you'd like to find out more about where you can find their fresh local produce, click on the Tagges Famous Fruit, above. Wheadon Farm in Draper will be the site of farming for [Bell Organic Gardens](#) and [Cottage Greens Farm](#). Read more about Salt Lake County's urban farming initiative [here](#). Two additional parcels in South Jordan and West Jordan cities are under negotiations.

PROGRAM HISTORY

In 2009 Salt Lake County began a new Urban Farming Initiative. Publicly owned lands that are currently lying fallow will be considered for lease for the purposes of growing fruits and vegetables.

The purpose of Salt Lake County's Urban Farming program is to:

- Preserve agricultural land to meet the nutritional needs of present and future generations
- Support local farmers
- Protect the food supply
- Promote the use of biofuel

production on non-traditional agronomic lands

- Provide agricultural-based economic development opportunities
- Preserve vistas and landscapes
- Promote a healthy lifestyle and improved nutrition along the Wasatch Front

Contact Julie Peck-Dabbling at 801 468-3571

Urban Farming

Biofuel

Urban Farming and Fuel (UFF)

FreeWays to Fuel (F2F) and Salt Lake County Mayor Corroon's office have been working together to develop a pilot project using county and city owned land for biodiesel feedstock production. F2F is a Utah originated and based national alliance designed to investigate the use of non-traditional agronomic lands such as roadsides and airports for the growth of biofuel. Earlier this year, Salt Lake County, Salt Lake City

Public Utilities, the South Davis Sewer District, Utah State University and the Church of Jesus Christ of Latter-day Saints partnered to begin a biofuel feed-stock pilot project on 20 acres of dry farmland owned by Salt Lake City just southwest of the

Salt Lake International Airport. The purpose of the pilot project is to explore how publicly-owned lands unsuitable for traditional farming can grow crops that can be converted into biodiesel, as well as to explore the recycling of biosolids (generated

from wastewater treatment processes) through their use as fertilizer on the dry farm. Work began in March 2010 to prepare the seedbed for planting, and the safflower feedstock will soon be ready to harvest.

In August 2010, representatives from the U.S. Army and the National Biodiesel Board met for a site tour to explore the possibility of creating similar project on military land across the country. To read more about this click [here](#).

For further information contact [Julie Peck-Dabbling](#) with the County's Urban Farming program or [Dallas Hanks](#) with Freeways to Fuel.

The following organizations are partners with Salt Lake County's Urban Farming Initiative. We greatly appreciate their support.

Wasatch Community Gardens; find them at

www.wasatchgardens.org

Online Licensing Now Available

The portal itself is hosted on our vendor's website, so please read through the following 4 pages of steps to prepare for licensing. At the end of the information section you will be redirected to our licensing portal to fill out your information and purchase your license online.

Once all documentation has been received (see steps 1 - 4), your license tag will be mailed to you. If you have any problems or questions with the online licensing system, please contact a licensing specialist at (801)559-1100 ext 1122 for help or to license over the phone. You can also contact a licensing specialist by sending an e-mail to Licensing@slco.org.

SPECIAL SERVICE DISTRICT #1 (SANITATION) **WEEKLY RECYCLING IS COMING!**

Beginning September 1, 2011, residents in our service area will begin receiving weekly recycling collection. Residents will no longer have to remember which week to place their recycling cans out at the curb! Recycling will be collected each week on your regular garbage collection day.

A recent survey indicated that 69% of district residents were in favor of weekly recycling collections. This is a 28% increase since our last survey in 2009. As residents understand the benefits of recycling they are asking for more convenient ways to recycle, including more frequent recycle pickups.

Implementing weekly collections also follows the waste collection industry trends to Reduce, Reuse and Recycle. Recent waste audits revealed that depending on the season, 30% to 60% of the volume of garbage collected could have been recycled.

The benefits of recycling include saving our natural resources, such as fuel, water, energy and raw materials. Recycling creates jobs with five times as many jobs than land filling. Recycling extends the life of the landfill. Every ton of plastic, paper, metal and glass we keep out of the landfill prolongs its life and saves money in dumping fees.

For more information regarding weekly recycling collection or any of our other services please contact our office at 385-468-6325 or visit our website at www.slco.org/sanitation.

Submit an Enforcement Request or Zoning Complaint Online

Unincorporated Salt Lake County

An information form must be completed in order to register an enforcement request with our office.

Once the request is received an assessment will be conducted.

If there is a violation a notice will be issued and the owner of the property will be given a set time to resolve the problem.

Email photos to codeEnforcement@slco.org

Question(s) about an ongoing violation?

Please call the Enforcement Coordinator, 801 468-2176, or email Code Enforcement.

Waste and Recycling Collection

[Service District maps](#) | [Forms and flyers](#) | [Holiday schedule](#) |

[Newsletters](#)

For Customer Service please call: 385-468-6325

Your garbage and recycling will be collected on the regular scheduled day, Monday, July 4 and Monday, July 25. Our office will be open from 8:00 am - 2:00 pm. See the [Holiday Schedule](#) link above for all holiday schedules.

Welcome to the Sanitation Division of Salt Lake County Public Works. We are the [garbage](#) and [recycling](#) collectors for Salt Lake County Special Service District No. 1 (Sanitation). Our mission is to provide sustainable integrated waste and recycling collection services for the health and safety of our community...because not everything fits in the can!

We provide services to residents in the unincorporated county and Herriman, Taylorsville, Holladay, Cottonwood Heights, and parts of Murray.

[Map of service area.](#)

[Does Salt Lake County pick up your garbage?](#)

We are funded by the \$11 per month/\$132 annual fee charged to all residents in the District. This fee is attached to your annual property tax notice. Property taxes do not fund sanitation services.

Your Sanitation Package

For your \$132 annual fee you get a package of services,

because not everything fits in the can:

Weekly [garbage](#) collection

Bi-weekly [recycle](#) collection

Annual [area cleanup](#)

Annual [fall leaf](#) collection

Annual [Christmas tree](#) collection

Moving [box collection](#)

Handy Assist for residents with limited mobility

Can repair and replacement: 385-468-6325 or [email](#)

2nd recycling container available at no cost: 385-468-6325

In addition, we offer [trailers](#) for rent throughout the year to help you dispose of large or bulky items and yard waste.

Green waste

Currently Salt Lake County Sanitation does not collect green waste in curbside cans. One of our goals is to divert as much recyclable material from the landfill as we can including finding ways to manage green waste: grass clippings, yard waste, fruit and vegetable scraps, and branches. You can read about our research on green waste disposal in our [May 2009 newsletter](#) and see a [chart](#) showing how much green waste we collect and where. If you want to divert your green waste try [home](#)

[composting](#) or rent one of our [residential trailers](#).

Landfills

We are not a landfill. There are two landfills in Salt Lake County.

The [Salt Lake Valley Landfill](#) is jointly operated by Salt Lake County and Salt Lake City. [TransJordan Landfill](#) serves the southern part of the county and is jointly owned by the cities of South Jordan, West Jordan, Riverton, Murray, Sandy, Draper, and Midvale.

Salt Lake Valley Landfill Address:

Salt Lake Valley Landfill

Cert Training

In order to properly plan for our classes, we respectfully request that those persons interested in CERT training pre-register for the course. Additionally, payment will be required the first night of class. Class is available to all citizens 18 or older who are interested in learning the essentials of community emergency response during disasters. Youth over 14 years of age may also participate, but must be accompanied by a parent at all training sessions. After completing the course participants are eligible to receive a certificate of completion. For more information or questions please call 801-743-7150 or email communityassistance@ufa-slco.org.

Checks should be made payable to "Unified Fire Authority" or "UFA".

Mission Statement

Salt Lake County Planning and Development Services strives to be a leader in helping to build safe, quality communities.

Division Responsibilities

The Planning and Development Services Division is responsible for long range planning and development within the unincorporated County. These responsibilities are carried out by ensuring that all development complies with adopted Salt Lake County plans, ordinances and building codes. Our services include: Business Licensing, Building Permits and

Inspections, Code Enforcement, Development Review, Long Range Planning and the County Cooperative Plan.

White Towers Swimming Club

Article Submitted by Cheryl Kroll
 Message phone: 801-835-3423
 7/13/2011

The sounds of laughter and squeals can be heard almost every day. Music fills the air. It's the sound of joy from the only swimming pool in White City. It's White Towers Swimming Club and it's probably been around longer than most White City and Sandy residents. Amazingly, many residents don't even know it exists. Well, the secret's out. Be cautious, though, because extreme fun happens there. Once you've experienced the exciting yet relaxing atmosphere of White Towers, you'll be back for more.

White Towers is an outdoor pool facility located on the corner of Carnation Drive (1000 East) and Larkspur Drive (10400 South). White Towers is a little-known non-profit community pool in White City that is owned and managed by the members and a board. It started out initially in 1961 as a members-only club but is now open to the public and celebrates its 50th anniversary in 2011.

The season opens each year on Memorial Day weekend and closes on Labor Day. The pool slopes from 3 feet to 10 feet in depth. It has a staircase entrance, a diving board, and for small children there is a 2- foot deep walled-off section with a separate staircase entrance. The well-stocked snack bar is very enticing so come prepared.

Admission rates are extremely reasonable. Daily passes are only \$3.00 for the entire day! A summer pass for an individual is \$75.00. A family pass for the entire summer is a great bargain and can be purchased for \$175.00. A 'family' is defined as immediate family members living in one household. Weekly and monthly passes are also available for families. The ultimate deal for the summer is the Membership Pass. For only \$295.00 this pass includes married children and grandchildren in addition to immediate family members. There has even been a family that has held a White Towers membership each year since the pool opened its doors in 1961. Many other families have been members for over 25 years and in some cases the children and then subsequently the grandchildren have grown and obtained memberships or passes of their own. This generational use is such a testimony

to the quality of fun the pool can provide. These are memories that last a lifetime.

The most popular use for the pool is private pool parties. The entire facility can be reserved by the public for private use. This includes use of the pool, enclosed pavilion, foos ball and air hockey tables, BBQ grills, and fire pit. The facility can accommodate 250 people.

Private parties are \$125 for each 2-hour block and reservations are offered from noon to 10 p.m. each day of the week. An additional \$50 is charged for more than 30 guests. A lifeguard is available for an additional fee. Children under the age of 14 are always required to be accompanied by an adult whenever a life guard is not present. Children in diapers are required to wear swim diapers and plastic pants.

White Towers exists solely by any money brought in from passes, pool rentals, and donations. Each year endless hours are performed by volunteers and board members on improvements, repairs, daily pool and facility cleaning, snack bar coverage, and the state-required chemical level checks throughout the day. Many maintenance services and items for the facility have been donated by individuals who care about the success of the pool. Currently the most important need is a new roof. As many know, it leaks like a sieve. Several fundraiser parties have been held at the pool this year in an effort to raise funds for this project. Over the years shade screens and awnings have been added, the pavilion was enclosed, areas have been concreted, and the snack bar renovated. Walls, tables, and signs have been painted and re-painted. A few years ago one of the pool members graciously hand painted spectacular wall murals. These underwater saltwater scenes are amazing!

The current board president is Doug Mounter. He's so committed that on almost any given day for the past several years you'll see him at the pool doing one task or another. The phone number for White Towers is 801-572-DUNK and the website is www.whitetowersswimmingclub.com. We've been having fun since '61 so come out and join us! We're family approved and you won't find a better way to beat the heat.

Salt Lake County Sheriff's Citizen Advisory Board

Looking for Board Members for Community Precinct Boards and Executive Board Executive

Board Meetings Precinct Board Meetings
First Monday of the month
Determined by the Precinct
5:30 -7:00 PM
3300 South and 900 West

Trainings geared towards understanding the different aspects and areas of law enforcement are offered for the Citizen Advisory Board.

Requirements:

- Pass a background check
- Complete 4 ride a-longs with the deputies per year
- Attend meeting and training
- Assist with different community events

Opportunity to be a conduit between your community & Salt

Lake County Sheriff's Department

Links if you desire more information:

<http://www.alittletime.org/pdf/cab.pdf>

<http://updsl.org/divisions/administration/cab>

<http://www.slsheiff.org/>

Greetings,

The Salt Lake County Sheriff's Advisory Board (C.A.B.)/Unified Police Department is seeking citizens who want to be a positive force in their community. Part of the duties of a CAB member is to collectively examine designated department/office problems, situations, policies and issues, then provide solutions and recommendations to the Sheriff. As member of the CAB, one can be a conduit in the communication bridge between the community and Sheriff Department. If Salt Lake County citizens are interested in joining the CAB, they can go to the Salt Lake County Sheriff's website for additional information or click on the links below. Citizens considering in joining the CAB are invited to attend board meetings prior to submitting an application. Applicants can apply to positions at their local police precincts or to the executive board. The CAB is strongly seeking representation from Kearns, Riverton, Midvale and Herriman cities. Salt Lake County residents from diverse groups and cultures are strongly encouraged to apply. Age requirement is 18 plus with high school diploma or equivalent. Disbursement of this email to assist in the recruitment of new members is greatly appreciated.

Attached is additional information and an application.

Applications should be mailed to:

Aubrey Valdez
Training Coordinator
Unified Police Department
Professional Standards /
(801) 743-5711

Training Unit

Thank you,
Orin Howell
